The U-Brew-it Brand commenced back in 1998 and now enjoys 9 brew-on-premises around Australia. The original founders wanted to provide a micro-brewery system for customers to be able to Brew on a U-Brew-it premises where they could come into the brewery to choose a brew, create the brew using all natural high quality ingredients, leave the brew in our temperature controlled fermentation rooms for U-Brew-it and leave it with us to take care of it. Customers then return to can, bottle or have their beer transferred to a keg. This absolutely appeals to people who like the idea of home brewing, but don't want the hassle of doing home brew or are disappointed by the results. You can be assured of a consistent, high quality, commerci
