Services
FOR SALE

Xpresso Delight Mackay, has been established since November of 2007 and has been operated by the same owner/operator since then. As the Mackay franchisee, you have an EXCLUSIVE area in the local and wider region, to provide coffee machines to any workplace/customer. The system is based on providing the coffee machines for free and charge for the coffee & accessories used. This particular franchise has around 11 units in various locations providing a great income with only 6 to 8 hours work a week. The machines are checked weekly, thus the 8 hours.

This is the ideal business for either a semi-retired person, or even the entrepreneur who wishes to work the territory and gain more customers (thus more money). NO EXPERIENCE is needed, making it the ULTIMATE business to own with very little overheads and huge potential to grow.

FRANCHISE AGREEMENT:-

The initial franchise agreement was for a 10 year period with an option for another 5 year
