IDEAL LOCATION

Industrial Highway is still the major link road for traffic feeding into and out of the city from the north. Its proximity to the Port, CBD and major industries makes this the ideal location for those in the service industries.

This building offers great security, great access and great exposure. Being designed with modern warehousing standards in mind they offer very high clearance access through a 4.5m high roller shutter door.

Even staff and customers are well catered for with (8) car parks included.
