

, Tomago NSW 2322

Reserve Price Slashed!

Forget anything you may have seen or heard about pricing on the Hunter Industrial Park. Lot 33 is cheaper than anything you may have previously seen.

Situated at the entrance to the Hunter Industrial Park this landmark position has broad frontage to Old Punt Road as well as Kennington Drive, and is ideally suited for a building that commands attention.

Tomago is one of the rare 24/7 work environments, which enables you to fully utilise any building placed on this site. The site is level with a sandy soil, making it easy to build on, close to the Pacific Highway as well as the New England Highway and F3 Freeway. The owners have decided to sacrifice this block to draw attention to the Hunter Industrial Park as a place to do business.
