

113-115 Oxford Street, Darlinghurst NSW 2010

'Adam's House' - A Whole five storey building

"Adam's House" is a three storey inter-war classical style building built circa 1920 with a two (2) storey addition. The building has frontage on both Oxford and Crown Streets, comprising six (6) retail shops at ground level which are occupied by four (4) retail tenants.

Access into 'Adam's House' is level at street level with the main entrance located at the intersection of Oxford and Crown Streets. Most office levels provide independent unisex bathrooms, kitchenettes and most office suites are provided with air conditioning.

Arnold Place, a public rear lane-way provides access into a security underground car park. Each of the upper office levels are serviced by two lifts. The building has benefited from some interior refurbishment.
