This business is in an industry that computers will never take over, and in an industry where trees and hedges will always grow, and need to be trimmed or cut down.

This is a secure industry to be involved in. There is the opportunity to make big money. Having both ambition and people skills will be a bonus. And anybody can be trained to manage and grow this business further.

The business has the full support of Jim's Trees and feeds a constant flow of leads from the inner south east area. Fully equipped with a Truck & chipper, ute & stump grinder and other tools. All fairly new and in great condition. The Vendor has arranged the business so the Vendor ca
