The Old Church ? Corner of Cross Street and New Town Road, New Town

Quirky but very cool, the Old Church at New Town is for lease. Around 179m² of space on the ground floor which is beautifully lit via stained glass windows, the building could suit a business looking for office space or a specialty retail business requiring an interesting premise to showcase their stock.

There is storage space available on a mezzanine level (choir loft) as well as amenities and parking.
