

First Floo/616-620 Harris Street, Ultimo NSW 2007

Light Filled Floor with Fitout

Very rarely do such properties present themselves in the commercial office market at this incredible rental level. With an existing fitout which is light filled and well presented throughout, move right in.

The property owner has priced this property to get a result now.

This amazing whole first floor is flooded in natural light from three sides and has a very pleasant leafy outlook.

There is direct lift access to the floor.
