Light filled Creative Office with Fitout

This light filled creative office has an existing fitout if required for 20 staff plus boardrooms.

The property boasts a wonderful leafy aspect and original parquet wooden floors.

The existing layout is to suit an architectural firm and is primarily open plan with two private meeting areas, a reception and separate male and female amenities and one shower with a kitchen.

The floor is air conditioned and there is ample carparking immediately surrounding the property but it is also directly on a bus route and a quick walk to Green Square Station.
