## Large Milk & Food distribution Business.

Phone enquiries - please quote property ID 16964

Food/hospitality

FOR SALE

Delivering to approximately 500 clients, the purpose built premises come with a fleet of well maintained, first class delivery trucks and vans. This modern fleet of refrigerated vehicles services a very extensive area of the wholesale and retail food industry.

On inspection of the business and a well informed meeting with the current partners, you will be provided with information to visualise the huge growth potential of this already successful business.

Currently delivering juices, soy, health drinks, smallgoods, dips, yoghurts, eggs, butter, margarine and a large amount of milk, there is still the scope to add further lines thanks to its well-developed system. Milk and food distribution is an important industry, and a reliable delivery system will always be in demand. The current management has worked hard to ensure delivery of a first class product with first class service.

This very large distribution business comes with a solid gold reputation.
