Light Aircraft Hangar or Extra Storage

A rare opportunity to own an airplane hangar at the George Town Airport with no restrictions on use. With an excellent sized space of approximately 160sqm it is ideally set up for the light plane enthusiast to house all his/her equipment or simply use as storage space, further garaging for the motor vehicle collector or perhaps this space would make an excellent small warehouse with power connected.

It is an ideal base for all pilots whether leisure, commercial or private with no landing fees and plenty of parking.
