FOR SALE

There comes a time when a business needs to be taken to a digital level but current owners of 15 years are at their retirement years.

With sole exclusive rights, this business imports and distributes a variety of Bellissima items Australia-wide. There are agents for each state. The goods are directly ordered by the agents then distributed to the retailers (approximately 400 retail customers on the database). The business' relationships with the agents are firm. The products range from underwear, bodysuits, hosiery, seamless tops, active wear, mens' undergarments and much more. Other items could also be added to the distribution list such as swimwear and/or Bras. The Bellissima brand
