

, Narrandera NSW 2700

10 acre, freehold Motel in a high profile position.

Phone enquiries - please quote property ID 20213

The geographic position gets a constant stream of travellers, tourists and drivers from the transport industry, due to being conveniently situated between Sydney, Canberra, Brisbane, Melbourne and Adelaide.

This location makes the motel a strong investment for many years to come.

Opportunity for the new owner to work on getting a lot more buses in as there is plenty of space. Some extra work on social media & online marketing would also further boost the already great financials on this business. More promotion should be done to the transport industry to make that
