Opportunity Knocks The Old Saying Position! Position! Position! Located on one

This strip of Real Estate here in Ipswich is really booming along with new projects going up and why not when you look at the location. Quite a few national retailers have moved into the strip and I would think more will follow. This is a parcel that consists of 6 shed leasing spaces, showrooms, retail, warehousing and industrial, right bang in the middle of all the happenings. There is also a parcel of the land (approx. 4900 sq m) still vacant to continue on with.

Plenty more to discuss here and keen to talk with genuine buyers.
