About the Business

The chance to purchase a company like this, that returns good profits on invested funds, is an excellent opportunity to enter the top end of the Melbourne market or to make a bolt on addition to an established tree management business.

An opportunity such as this does not come around often.

The current owner is transitioning to retirement and invites interested parties to enquire about the company which has a demonstrable and consistent annual turnover of circa \$1,000,000 that returns good
