## B & L EARTHMOVING

Phone enquiries - please quote property ID 09034

The business is located in Mt. Isa, Northwest Qld. It began operating almost ten years ago with station work, fencelines, dams, roads & turkey nests.

Husband & wife team managed ok at first but at various times needed to employ one or two others. Now have four full timers. It is necessary to sell because of a terminal illness. It was never our intention to leave all our hard work when the industry is so strong.

Our dozers are doing ground work for about eight exploration companies.

New owner can begin wor
