P.R.E. DYNO TUNING - WELL ESTABLISHED & WELL KNOWN BUSINESS IN GREAT LOCATION!

Phone enquiries - please quote property ID 13385

This workshop is fully laid out to service cars and light vehicles. In addition the fitting of superchargers and camshafts to all late model cars along with tuning on all Holdens and Fords. Established now for some 20 years, this business is very well known and well respected with many repeat clients. We specialise in late model cars and our light vehicle utes are a great earner. We also restore and modify many old and valuable cars.

We have a very large workshop with 3 hoist dyno dynamics chassis, dyno electronic equipment, snap on scan tester and a variety of other equipment including computers a/c and any more items.. (Too many to list and full list can be provided to interested parties. All fixtures, fittings and equipment are included in the sale along with any stock at hand (usually around \$20,000 - \$30,000). All stock is GOOD stock. Other details are as follows:-

In the heart of the main industrial area of South Mackay (Paget Industrial Estate)
Premises are leased with long lease available.
Fronts onto the main street (50 Archibald Street) - main stream traffic going by.
Close to the airport.
