Unimagined opportunity!

Phone enquiries - please quote property ID 13740

This land is on the market after our business amalgamated 2 sawmills to the one site. It has sat vacant for a while, with possibilities on the horizon, but none come to fruition because of lack of time mainly. I will give as many details as possible. I can think of many possibilities for this land but time and money limit my ability to develop it.

Land size: 3.193 hectares (approx 8 acres)

Council Zoning: Kentish Council- 'Natural Resources' which encompasses all of farming, forestry, mining and tourism. Also allows for processing of natural resources such as fruit and vegetables, minerals
