NORTH FACING WITH GREAT VIEWS-POTENTIAL IF REZONED

Just over 15 minutes from the CBD via Kalang Avenue and Augusta Road, is a great opportunity to buy a large block with 2 zonings. There is a North facing 2000m² area at the end of Bimburra Road zoned Low density residential which should allow two dwellings (STCA).

There is also a possibility the Cable Car could start from the gully to the south of this block bringing public roads closer to this property. Feel free to call for an inspection
