Gympie Terrace Licenced Cafe/Restaurant

This tenancy has been the home for the same food operator for approximately 20 years. With its Gympie Terrace frontage & connection to a large resort, this position provides substantially more foot traffic than the competition.

Because this site is available with all the equipment & trading name (at an additional cost) you can start trading immediately and take advantage of the goodwill that has been built up over 20 years.

Why go through the stress of setting up a site from scratch & have months of no income - this opportunity is ready for you to walk in!
