Ocean Front Tenanted Investment On 2 Titles

This property sits directly across from the beach and dominates a corner position at the entry to Peregian Square.

This provides the maximum exposure to the road and funnels foot traffic from the parking area directly past the property.

The two adjacent titles total 119sq m (approx) and are within a group of four retail units. The two titles were previously separated to house individual businesses. At a later date the property could easily be returned to 2 smaller tenancies, if desired.

They have recently commenced a new 5 year lease term with options.
