

Lot 2 Mt Bassett Cemetery Rd, Mackay QLD 4740

## 6000 m2 lockable Gravel Hardstand - Good Location

A very large Gravel Hardstand area is available now in a centrally located area of Mackay ( Mt Basset) .

The area is currently council approved for storage of the mineral Magnetite . There is a concrete weigh bridge slab & bunker walls in place that can be left if required or removed if not.

Would also be ideal for companies that need to store machinery of site. The area is fully secure. Low Industry Impact call to day to arrange an inspection.
