Industrial/manufacturing

FOR SALE

This business specialises in the supply of quality cleaning products for the transport/trucking, mining, and industrial sectors. The business retails its products via online ordering plus has on-site calling and warehousing. It is also an official WA distributor.

The business has gone from strength to strength and has evolved over the years into one of the most recognized and trusted suppliers of high-performance cleaning products, as well as other related industrial supplies.

With a good reputation in hand, this is a great opportunity to be part of a national distribution network.

Your purchase includes both the business and the opportunity to operate as a State-wide Distributorship for Western Australia for all of the products.
