Established 13+ Years**

**, Darwin NT 0800**

## THE LEATHER DOCTOR PROFITABLE FRANCHISE EARN GREAT MONEY

Phone enquiries - please quote property ID 28993.

Successful franchise with very little competition, corporate and domestic customers. The Leather Doctor specialises in the cleaning, repair, and restoration services for furniture, cars/boat interiors, and accessories made from leather and vinyl. The Leather Doctor is the only business in the NT with no competition.

This successful franchise is the only franchise for the Leather Doctor in the Northern Territory. In addition, it has very little competition whatsoever. It has set agreements in place for large retailers for damaged goods & restorations along with works from major Insurance Companies. On top of this, it handles normal domestic work for household furniture and boats. All three income streams are busy. There is so much work but owners wish to retire.

This is your opportunity to purchase a ready-made business, established for 13+ years. The business has a reputation second to none and you can expect to walk in with plenty of work ahead of you.

- \* No real experience or qualifications are needed ? just good customer service skills
- \* Full marketing support from Franchisor
- \* Low franchise commits
