FOR SALE

Family Contact Services business for sale ? fantastic opportunity ? growing business in the social services sector with an increasing demand in this arena.

Operating since 2018, and having experienced significant growth over the last 12 months, this unique business is well-positioned for new owners. The business offers a range of Family Contact Services, assisting parents and children with difficult circumstance once a court order has been issued.

To assist with parents and children navigating the court system, this business offers a range of services including:

- Supervising handovers between separated parents
- Supervising agreed and allowable visits from parents within the system
- Transporting children in the system
- Other services or tasks necessitated by the courts upon request
- Assistance to Government Departments
- Supervision and reports to the courts following visits

Depending on demand from the courts and Government Departments, the workload and subsequently the amount of business can vary, but the business has experienced significant demand in the last year. The current owner is simply needing to move on due to health issues, and the business is currently flourishing, meaning it is a great opportunity for those looking
