Since it opened in January 2021, all of the groundwork has been done, including setting up processes, establishing the location and premises, hiring staff, developing customer relationships, developing an online following, and more, and is now looking for a motivated person to take it to the next level. The current owner is unable to invest time in the business's growth, so this is a great opportunity for someone looking to take on a strong, local, customer-focused enterprise.
