

Gelato Business

Retail & Wholesale with Excellent Reputation

, Perth WA 6000

Gelato Business - Retail & Wholesale with Excellent Reputation

Phone enquiries - please quote property ID 30393.

This Gelato business is much more than meets the eye! Not only does it have an excellent retail presence, quality products are also made on-site and wholesaled to other shops. A business with huge scope to expand.

The business has an excellent reputation, a good social media presence, staff in place for the shop and great recipes. Equipment in the shop is well maintained with the option for the purchaser to include or exclude.

You will not find a better business in this industry if you are looking to start your own ice cream shop. This is well set up with everything in place and the opportunity to expand the wholesale customers. Gelato is made on-premise, and products are allergy-free including dairy-free, egg-free, vegan, nut-free, gluten-free, and halal.

The owner is happy to train but experience in making gelato would be an added benefit. Ideally suited for someone passionate with good business skills. Alternatively, you have an existing business in the industry and wish to expand.

Benefits of this business:

- * Already established and profitable
- * High-profit margins for products
- * Staff in place
