Electrical Motor Components & Accessory Importers

Phone enquiries - please quote property ID 31410.

This is an amazing opportunity to purchase Bellanco, importers of electrical motor components, a long established brand name and business, that started in 1972. The business has been passed down one or two generations but current owner says 'a new owner can do better'.

With an established business name and reputation in this industry and regular customers, this business would be ideal as a family business, father/son business, or for those interested in motor components.

Perhaps you have an existing business in the same or related industry, that would benefit from extra customers, excellent supplier list, an established website and a huge amount of product in stock. The
