WELL ESTABLISHED LASER CUTTING & ENGRAVING BUSINESS

Phone enquiries - please quote property ID 31442.

This renowned provider of light industrial and commercial laser engraving services has been operating in SE Queensland since 1989.

Specialising in laser, router, and diamond cut engraving, they excel in working with a range of materials such as acrylic, laminated plastic, wood, stainless steel, aluminium, brass, mat board, Corian, and coated metals. By utilising a fully computerised production process, they achieve precise and efficient results.

The business caters to a diverse clientele, including signage, marine, construction, electrical, plumbing, hospitality, manufacturing, sporting clubs, hospitals, educational facilities, trophy and awards
