## Single Operator Pest Control Mobile Business

Phone enquiries - please quote property ID 33342.

Established in 1999 and purchased by the current owners 2015, providing pest control services across rural & urban Western Australia.

A great opportunity for a couple to grow their own business.

The business does not provide termite treatment. Operates full time for about 8 months of the year, traveling by caravan from job to job. The remaining 4 months is mainly casual jobs.

A Pest Management Business Registration is required to operate the business.

The business has earned a reputation for reliability, integrity and value for money. Potential to grow if desired.
